

BACHA SOFTWARE

TOP SOFTWARE DEVELOPMENT COMPANY

About Us

Summary

BH_SOFT, a top software development company based in Hanoi, Vietnam, has been delivering exceptional solutions since 2014. Backed by various industry certifications, we ensure the highest standards in every project we undertake.

Our core value

Innovation
Excellence
Customer-Centricity

Team

100+ Experts

Global Reach

60+ Clients

Proven Success

380+ Projects

Client Retention

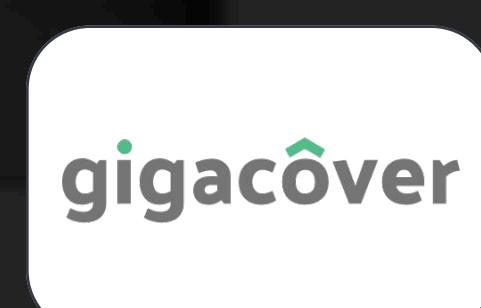

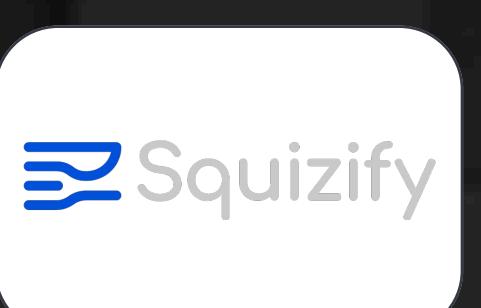

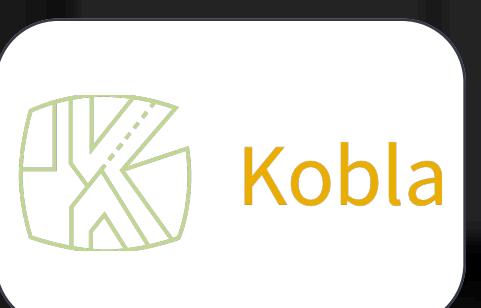

85% Satisfied

Our Clients

Trusted globally by leading companies

Our clients span across the globe, representing a diverse range of industries and sectors. From large enterprises to innovative startups, public sector organizations, and cutting-edge tech innovators, BH_SOFT is proud to support businesses of all sizes, helping them achieve their goals through tailored software solutions.

"I really like how they propose solutions instead of just replicate the requirements. That consulting piece provides much better value. I recommend them strongly."

- Erika Loimukallio, MD, Eksentria, Finland

Our Approach

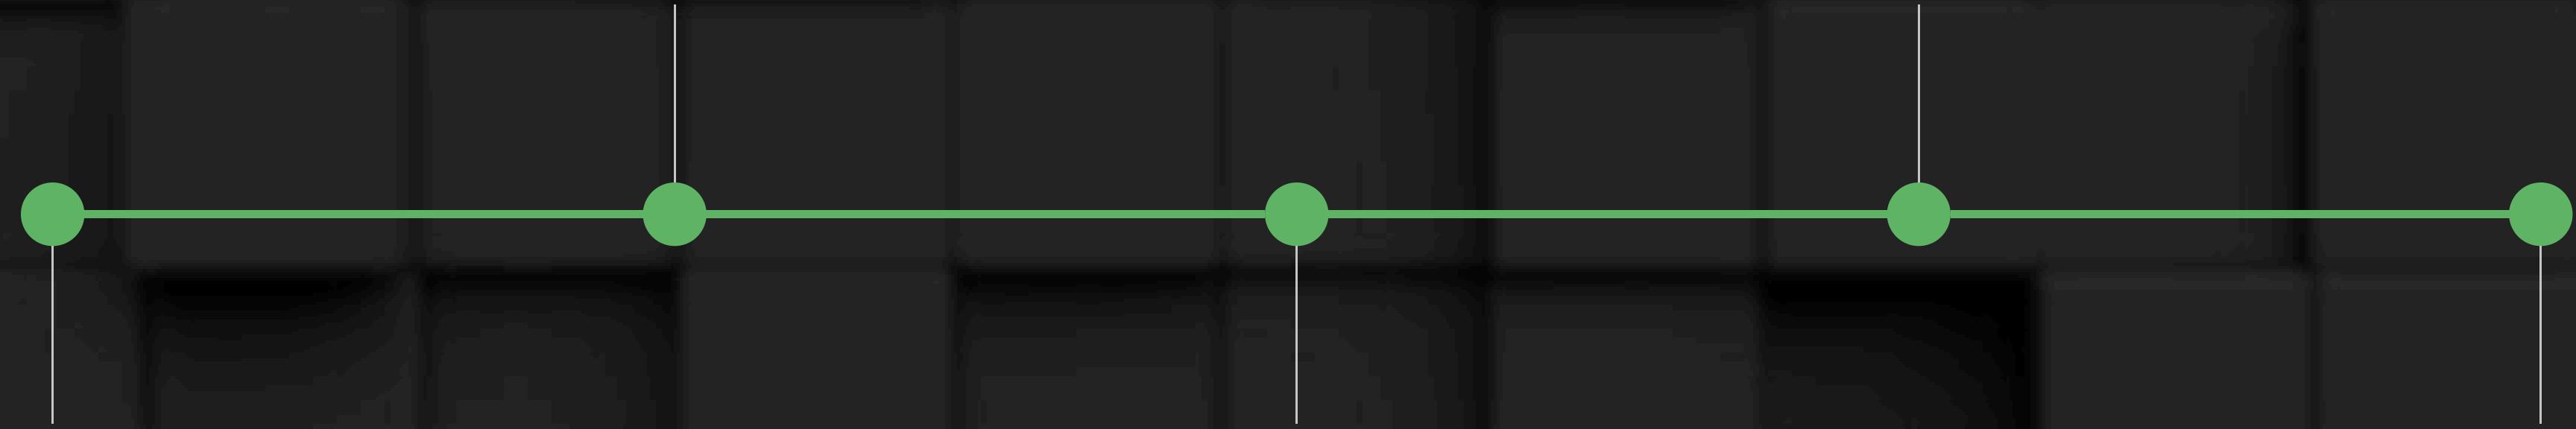

Agile Methodology

Through iterative sprints, we deliver quickly and remain adaptable to evolving requirements.

Quality-Driven

Rigorous testing and continuous improvement at every stage ensure high-quality, reliable software.

Efficient Project Execution

We follow a structured process and leverage automation tools for seamless execution.

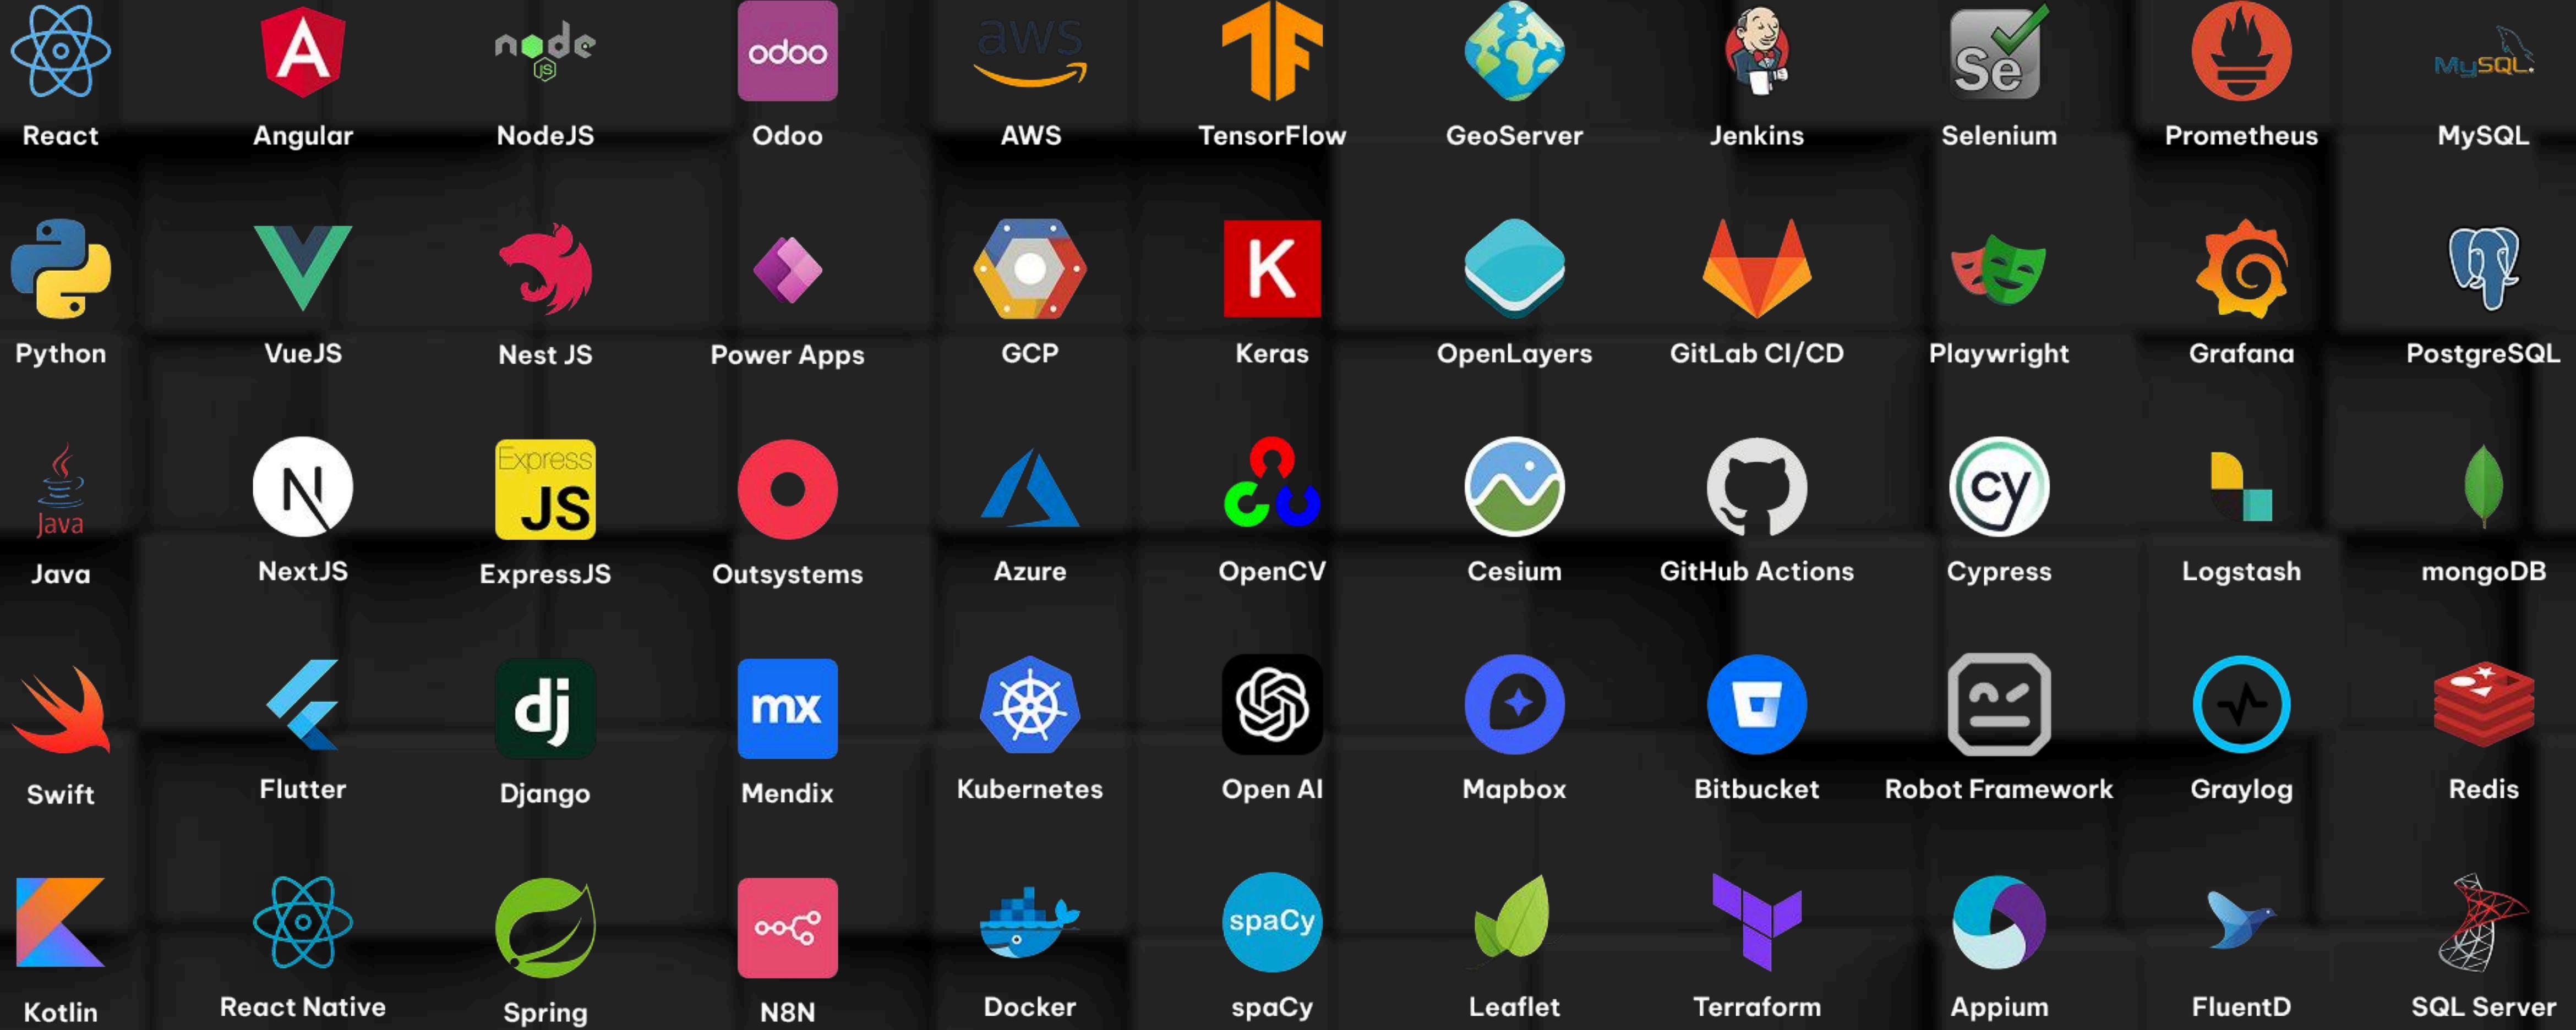

Data-Driven Decisions

We use analytics to drive decisions, ensuring solutions that align with your business goals.

End-to-End Support

We offer ongoing support to keep your solutions effective and aligned with your business.

Our Tech Stack

Our Services

Legacy Transformation

Modernize outdated systems with innovative technologies to boost performance, reduce risks, and ensure long-term resilience.

Automation Technology

Revolutionize business operations by enabling organizations to cut costs, reduce errors, and free up valuable resources.

Low-Code Development

Transform ideas into reality with minimal coding effort, streamlining processes, and achieving results faster than ever before.

Legacy Transformation

Why Modernize?

- Outdated systems **slow down operations**, increase risks, and limit innovation.
- Upgrading to modern technology **improves efficiency, security**, and long-term scalability.

Benefits

- **5x Faster** market adaptation
- **40% Lower Costs** on maintenance
- **Stronger Security & Compliance**
- Leverage cutting-edge **AI, IoT & Big Data**

Our Approach

- **Migration:** Transfer legacy data & functions
- **Re-engineering:** Redesign for modern standards
- **Replacement:** Upgrade to advanced systems
- **Integration:** Connect old & new platforms

Why Us

- **Seamless unification** of fragmented, outdated systems.
- **Modern UI/UX** with cutting-edge technologies.
- **Boosted performance**, scalability & efficiency.
- **Proven success** with expert support.

Automation Technology

Looking to cut costs by 50% and work smarter? Our AI-driven automation makes it effortless.

Robotic Process Automation	Artificial Intelligence	Workflow Automation	IT Automation	Benefits
<p>Automates repetitive tasks like data entry, report generation, invoicing or customer service inquiries.</p> <ul style="list-style-type: none">• Example: RPA bot sending emails or updating CRM data seamlessly.	<p>Automates complex tasks efficiently based on data analysis and improve overall productivity.</p> <ul style="list-style-type: none">• Example: Chatbot, image recognition, or business trend prediction.	<p>Streamlines business workflows across systems and teams, document approvals to HR processes.</p> <ul style="list-style-type: none">• Example: Automated leave approval in HRM system.	<p>Automates IT tasks from system setup to network monitoring, management and troubleshooting.</p> <ul style="list-style-type: none">• Example: Automated server provisioning with Ansible.	<ul style="list-style-type: none">• Reduce manual work by 40-60%.• Cut operational expenses by 30-50%.• Minimize human errors by 90%.• Deploy automated processes 5x quicker.

Low-Code Development

Why Low-code?

Cut Costs

Develop applications 5-10x faster.

Time Saving

Reduces development costs by 40-60%.

Agility

Simplifies updates with minimal code changes.

Key Applications

Enterprise Apps

Deliver scalable business solutions in no time.

Process Automation

Streamline workflows and reduce error.

MVPs for Startups

Launch and validate ideas with low cost.

Drag-and-Drop Interface

Reusable Components with Pre-built Templates

Integration and API Connectivity

Automated Workflows

AI & Machine Learning Powered

Our Solutions

Smart City (Pre-Ready) Solutions

Revolutionize urban living with advanced technologies to enhance infrastructure, connectivity and citizen engagement.

Why BH_SOFT

Leverage cutting-edge GIS, 3D geospatial, and AI. Maximize efficiency, reduce costs, and scale seamlessly. Tailored solutions to meet your specific goals.

Odoo-Based Solutions

Streamline business operations with tailored ERP and supply chain management solutions for efficiency and growth.

Smart City (Pre-Ready) Solutions

Applications

Urban Planning & Infrastructure

- 3D GIS Mapping
- Digital Twin
- IoT & Sensors

E-Government & Citizen Engagement

- E-Gov Platforms
- AI Chatbots
- Citizen Feedback System

Benefits

- **50% Faster** urban planning with AI
- **Real-time monitoring** for disaster & traffic
- **50% less** paperwork & processing time
- **Boosts citizen engagement** through digital services

Our Expertise

- **10+ Years Experience** in GIS & Smart City Solutions
- **AI & IoT-powered Insights** for urban efficiency
- **Global Projects** in USA, Europe & Asia
- **Scalable & Customizable** to city needs

Odoo-Based Solutions

Applications

Business Management

- Centralized ERP for finance, HR, CRM, etc.

Supply Chain Management

- Dynamic inventory control.

Sales & Marketing Automation

- Integrated CRM, email campaigns, & e-commerce.

Benefits

- Automate and streamline your operations to **boost productivity**.
- **Real-time** tracking, inventory, and logistics management.
- **Tailor solutions** to meet your unique needs.

Our Expertise

- **Experienced Odoo Experts** successfully implemented Odoo ERP for multiple industries
- **Effortlessly integrate** Odoo with your current tools and platforms
- **Customizable** to fit any business
